

E-UI Attribute

Description

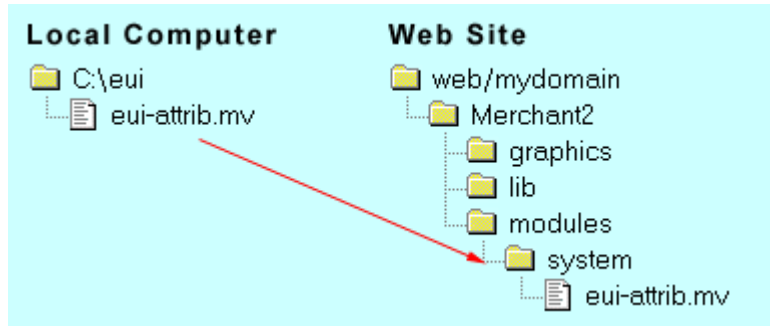

E-UI Attribute is an OUI Extension module that allows you to change the **Width** (length) of a **Product Attribute Text Box** as well as the **Width** and **Height** of a **Product Attribute Text Area (Memo) Box**.

With standard Merchant, a Text attribute field is 40 characters wide and a Text Area (Memo) field is 58 characters wide by 10 rows. Because of the length of these Text Attribute fields, Merchant generated pages that utilize one of these attributes will cause a horizontal scroll bar to appear in the customer's Browser because the display width is too large for the screen resolution that most users use (greater than 800 pixels for a Text attribute field and greater than 1024 pixels when using a Text Area field).

Installation

E-UI Attribute is a Merchant Store System Module so it must be installed to each Store that will be utilizing it. Each Merchant domain will need its own, separate [License](#).

Before a Store can utilize **E-UI Attribute**, it must be installed as a Domain (Mall) Module. The **eui-attrib.mv** file needs to be placed inside the **modules/system** directory, which can be accomplished via FTP or by using the Merchant Administration program.

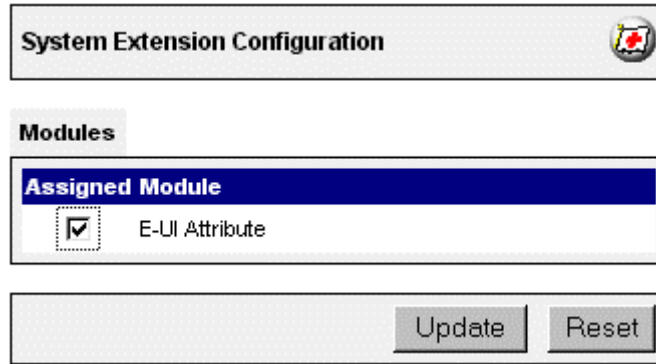

The above diagram shows where the module needs to be placed. It should be noted that the **SYSTEM Directory** may not exist. If your particular installation of Merchant does not include this directory, under the **MODULES Directory**, then you must create it.

FTP Install Method

1. Log on to your Web Site via FTP and upload the **eui-attrib.mv** file to your **Merchant2/modules/system** directory. Remember that if the SYSTEM Directory does not already exist, you must create it.
2. Close your FTP program and Log on to your Merchant Administration program with your Web Browser.
3. In Merchant Administration, click on the **Arrow** next to **Modules** to expand the Modules section. Click on the **Add Module** link to add **E-UI Attribute** to the list of available modules.
4. On the **Add Module** screen, enter **modules/system/eui-attrib.mv** and then click the **Add Button**:

The screenshot shows the **Add Module** screen in the Merchant Administration program. The **Files** section contains a **Module:** field with the text **modules/system/eui-attrib.mv**. At the bottom of the screen, there are **Add** and **Reset** buttons.

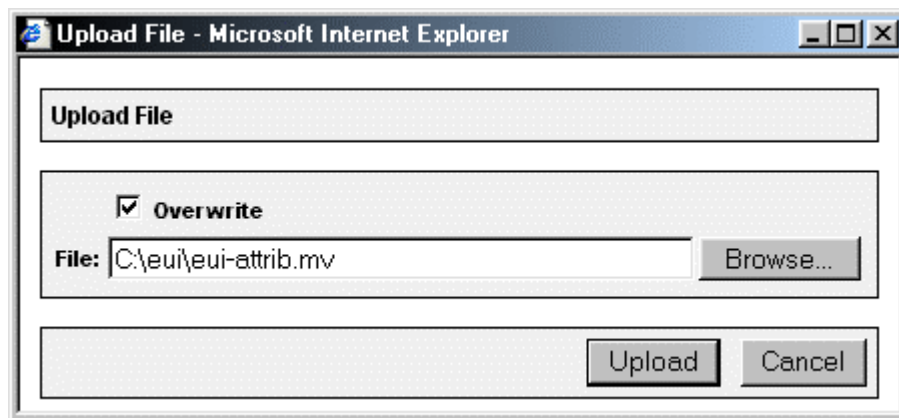

5. Click on the **Arrow** next to **Stores** to expand the Stores category. Click on the **Arrow** next to the **Store** that will be utilizing **E-UI Attribute**. This will expand the Store categories so that you may install E-UI Attribute for that particular Store.
6. Click on the **System Extension Configuration** link. Select **E-UI Attribute** from the next screen and then click the **Update Button**:

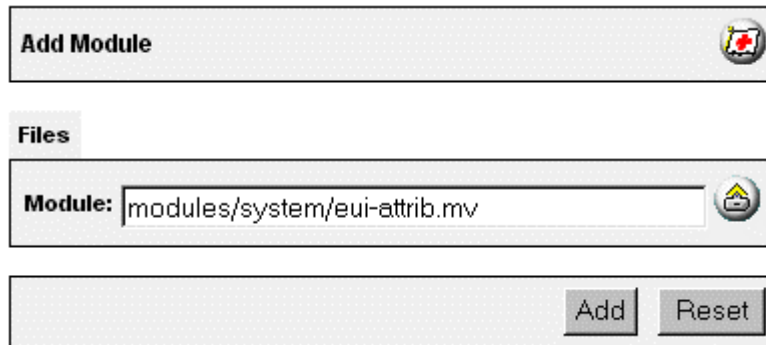

7. **E-UI Attribute** has now been installed as a **Master Module** for the **Domain** (Mall) and as a **Store Extension Module**. Please see the **Configuration** section for detailed instructions on using **E-UI Attribute**.

Administration Install Method

1. Log on to your Merchant Administration program with your Web Browser.
2. In Merchant Administration, click on the **Arrow** next to **Modules** to expand the Modules section. Click on the **Add Module** link to add **E-UI Attribute** to the list of available modules.
3. On the **Add Module** screen, click the **Upload Button** . In the **Upload File** Window, click the **Browse Button** and locate the **eui-attrib.mv** file on your local computer. Check the **Overwrite** box and then click the **Upload Button**.

4. After the file is uploaded, your **Add Module** screen should look like this:

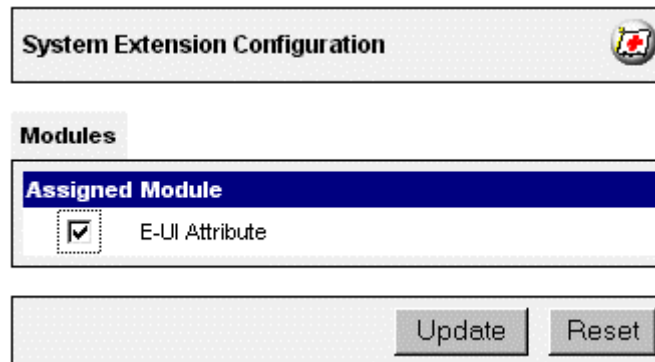

Add Module

Files

Module:

5. Click on the **Add Button** to add **E-UI Attribute** as a **Master Module** for the **Domain** (Mall).
6. Click on the **Arrow** next to **Stores** to expand the Stores category. Click on the **Arrow** next to the **Store** that will be utilizing **E-UI Attribute**. This will expand the Store categories so that you may install E-UI Attribute for that particular Store.
7. Click on the **System Extension Configuration** link. Select **E-UI Attribute** from the next screen and then click the **Update Button**:

Modules

Assigned Module	
<input checked="" type="checkbox"/>	E-UI Attribute

8. **E-UI Attribute** has now been installed as a **Master Module** for the **Domain** (Mall) and as a **Store Extension Module**. Please see the **Configuration** section for detailed instructions on using **E-UI Attribute**.

Configuration

To configure **E-UI Attribute**, click on the **System Extension Configuration** link underneath the store that E-UI Attribute was installed to. On the System Extension Configuration screen, click the **Text Attribute Settings** tab to bring up the E-UI Attribute Configuration screen.

Text Attribute Options	
Text Box	
Width	<input type="text" value="25"/> (Length of Text Box)
Text Area - Memo Box	
Width	<input type="text" value="25"/> (Length of Text Area)
Height	<input type="text" value="4"/> (Height of Text Area)

Text Box

The Product Attribute Text Box is a single line entry field. Set the **Width** of the field by typing in the number of characters that it should display. Note that the Width controls only the size of the Text Box, not the number of characters that can be entered. E-UI Attribute will limit the number of characters that can be entered to 254 since this is the maximum amount that this Merchant database field can hold.

Text Area - Memo Box

The Product Attribute Text Area (Memo) Box is a multi-line entry field. Enter the **Width** and the **Height** that this Text Area Box should have. The Width is the number of characters wide and the Height is the number of lines that the Box will display.

License

E-UI Attribute is Licensed on a per Domain basis. Each Domain that utilizes the Software needs its own, separate, License.

This legal document is an agreement between you, the end user, and GAP Development Company. By using the software (the "SOFTWARE") provided by GAP Development Company, you agree to become bound by the terms of this agreement, which includes the software license and the disclaimer of warranty.

This agreement constitutes the complete agreement between you and GAP Development Company. If you do not agree to the terms of this agreement, do not purchase the SOFTWARE and if already purchased, downloaded, or otherwise received, promptly return the disks and other items that are part of this product, or in the case of electronic distribution, destroy all copies of the SOFTWARE that were downloaded and/or installed.

The SOFTWARE may not be copied, reproduced, disclosed, transferred, or reduced to any form, including electronic medium or machine readable form, or transmitted or publicly performed by any means, electronic or otherwise, unless GAP Development Company consents in writing, in advance.

The SOFTWARE contains valuable trade secrets and proprietary information and is protected by federal copyright laws. Unauthorized use of the software can result in civil damages and criminal prosecution.

If the SOFTWARE contains a "Domain License" clause, you may use the SOFTWARE on a single domain only. The single Domain License allows you to use the SOFTWARE with any number of Merchant Stores that are associated with that Domain (a Merchant Mall).

If the SOFTWARE contains a "Store License" clause, each Merchant Store, other than the first, that utilizes the SOFTWARE must purchase a separate License and pay separate fees.

YOU MAY NOT COPY the SOFTWARE except to place the programs onto your hard disk (or the hard disk of your Internet Hosting Provider) and to make archival backup copies for your personal use as permitted by this License. You may not copy the written materials (printed, electronic, WEB based, PDF based, or otherwise) accompanying the software unless GAP Development Company consents in writing, in advance. You may not grant sublicenses nor transfer the SOFTWARE or related materials in any form to any person unless GAP Development Company consents in writing, in advance.

You are granted a nonexclusive, personal, nontransferable, nonassignable license to use and modify the SOFTWARE for your own personal use. You may not sell, provide, make available, or otherwise distribute any modifications based upon the SOFTWARE source code.

This License is effective until terminated. This License will terminate automatically if you fail to comply with any provision of this License.

Government End Users: If the SOFTWARE is acquired by or on behalf of a unit or agency of the United States Government, this provision applies. This GAP Development Software:

- a) was developed at private expense, is existing computer software, and no part of it was developed with government funds,
- b) is a trade secret of GAP Development Company for all purposes of the Freedom of Information Act,
- c) is "restricted computer software" submitted with restricted rights in accordance with sub-paragraphs (a) through (d) of the Commercial Computer Software - Restricted Rights clause at 52.227-19 and its successors,
- d) in all respects is proprietary data belonging solely to GAP Development Company,
- e) is unpublished and all rights are reserved under the copyright laws of the United States.

SUMMARY OF LIMITED WARRANTY:

In summary, the SOFTWARE is licensed AS IS. THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND ALL SUCH WARRANTIES ARE EXPRESSLY AND SPECIFICALLY DISCLAIMED. IN NO EVENT SHALL GAP DEVELOPMENT COMPANY BE RESPONSIBLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES OR LOST PROFITS TO YOU OR ANY OTHER PERSON OR ENTITY REGARDLESS OF THE LEGAL THEORY, EVEN IF WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

No dealer, company or person is authorized to expand or alter either these warranties or this agreement; any such representation will not bind GAP Development Company.
